

trim line

bleed area

**57x93 mm  
Portrait**

The diagram shows a vertical oval shape representing a portrait print. It features two concentric ovals: an outer solid black line and an inner dashed blue line. The space between these lines is labeled as the 'bleed area'. The text '57x93 mm Portrait' is centered within the inner oval. The label 'trim line' is positioned at the top of the outer oval, and 'bleed area' is at the top right. A red dotted line is visible along the top and left edges of the page.
